Hello K-12 Administrators,

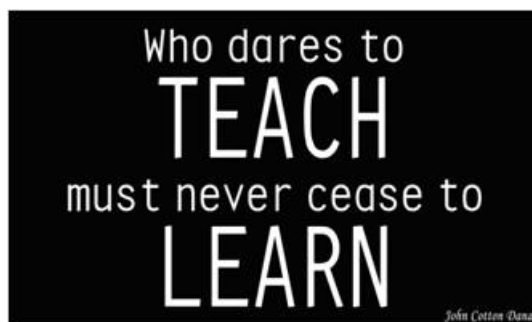

This is your comprehensive list of 2018 statewide educator professional development courses, conferences and workshops, distributed in cooperation with the Oregon Department of Education.

Attached is a PDF copy of the 2018 Oregon Teacher Inservice Bulletin, as well as a [links](https://www.youthchg.com/oregon-teacher-inservice-bulletin/) to it. The main Bulletin page is <https://www.youthchg.com/oregon-teacher-inservice-bulletin/> and the PDF link is https://www.youthchg.com/Bulletin_2018.pdf.

As in the past, the Bulletin is sent to every K-12 school administrator included on the statewide email list provided by the Oregon Department of Education. We're counting on YOU to distribute and post this critical Oregon professional development resource to your team.

The Bulletin has a three decade history of being every educator's definitive guide to all the K-12 professional development events happening on Oregon's Statewide Teacher Inservice Day. The Bulletin also includes other live and online K-12 teacher professional development resources and offerings throughout the 2018-2019 school year.
