**October 13, 2017 is Oregon Statewide Teacher Inservice Day. The 2017 Oregon Teacher Inservice Bulletin Lists Professional Development Workshops for Educators and Counselors**

**Aug. 28, 2017** -- Youth Change Workshops announces the release of the 2017 Oregon Teacher Inservice Bulletin. The Bulletin is a comprehensive list of K-12 teacher professional development workshops being offered in Oregon on October 13, which is statewide teacher inservice day.

2017 Teacher Inservice opportunities include professional development courses on student classroom behavior management, film, PE and more. Inservice locations span much of the State of Oregon. College credit, clock hours and Teacher Professional Development Units (PDUs) are offered by many inservice courses.

The Oregon Teacher Inservice Bulletin is believed to be approximately 30 years old, originally published by the Oregon Department of Education, but now published by Youth Change Workshops as a community service. Funding is partially covered by workshop hosts who pay to be listed in the Bulletin. No public funds are used to publish the Oregon Inservice Bulletin.
