About the Workshop

For over 25 years, Youth Change Workshops has been the nation's leader providing teacher, counselor, mental health staff and youth worker professional development training that emphasizes the need for a school wide discipline and behavior management program that fits all students and the entire range of social, emotional and academic concerns that youngsters present.

Youth Change's **Breakthrough Strategies to Teach and Counsel Troubled Students** offers teachers the newest, most effective intervention program to work with students in grades Pre-K through 12 who have bad attitudes, are disrespectful, unmotivated, truant, violent, underperforming academically or are facing social, emotional or learning challenges.

Your on-site workshop will be precisely customized to meet the exact needs of your participants. At the start of the inservice, your staff will name their students' most pressing behavioral, social and mental health concerns, and this course will deliver 200 updated, use-now strategies that are more effective than convention interventions.

The **Breakthrough Strategies Workshop** has a more than 25 year history throughout North America. Hundreds of schools, child treatment programs, school districts, conferences, and agencies have sponsored our workshops. Among these sponsors are El Paso TX Headstart, Oregon Council for Hispanic Achievement, Washington Primary Intervention Conference, and the California Alliance for Excellence Conference.
