# INTRODUCTION

For 20 years, Youth Change Workshops has been the nation's leader providing professional development training that emphasizes the need for all teachers to become proficient in classroom management, as well as addressing students' social, emotional and school concerns. Typically, 80% of teacher college training focuses on content, and a mere 20% addresses practical classroom management methods.

Youth Change's **Breakthrough Classroom Management Strategies Workshop for New Teachers** offers the newest, most effective classroom management interventions for K-8 students. This is training that many new teachers report that they did not receive in college. This course will be especially tailored to offer beginning teachers a vast array of classroom management interventions to help K-8 students succeed in class and school.

The **Breakthrough Strategies Workshop** has a 20 year history throughout North America. Many schools, child treatment programs, school districts, therapist conferences, and social work agencies have sponsored our workshops. Among past sponsors are the Cincinnati Schools, El Paso Headstart, Oregon Council for Hispanic Achievement, Michigan Foster Parent Association, Washington State Primary Intervention Conference and the California Association of Counseling and Development. For two decades, this course has also offered college graduate credit and clock hours.

Youth Change can provide a full day version of our classroom management workshop; other configurations are available. Youth Change warrants your participants, meaning that we maintain a toll-free help line, huge resource website with a special area for workshop past participants. Plus we provide online Live Expert Help. These resources are all designed to help with any new classroom management concerns that develop after your course has concluded. This is a never-ending warranty. We stand behind our workshop, and we stand behind your

staff. After our workshop, your new teachers won't be alone in their classrooms anymore. Youth Change Workshops will be right there with them.
