Hello Ruth,

On behalf of our team here at WorkOne I would like to say thank you for the awesome, fantastic job that you did. Your honesty, integrity, style and method of presenting the much needed and salient information and associated strategies were very well received by the staff.

We look forward to working with you in the future. Following on from our final conversation I am presenting at the National Training Seminar for JAG (Jobs for America's Graduates) in early July and I would like to utilize some of the tools you shared with us. In particular, I would like to access those strips which shared some of the challenges our youth face when they come to school or alternative schooling sites. That is an exercise I would like to use as part of my workshop.

Again, thank you for what you do so effectively.

Regards
