Good Morning Ruth,

Allow me the opportunity to thank you very much for the excellent training you provided our staff. Your enthusiasm and experience provided staff with refreshing knowledge, validation and renewed vigor. I also appreciate and thank you for your expediency in sending your recommendations of which I will discuss with leadership and begin a plan to address those items of concern you identified. Staff were also very excited to hear that each of the two units have a set of the materials presented in the workshop and will begin utilizing them immediately. Our two psychologist will be working with staff to ensure interventions are appropriate to the diagnosis and behaviors. We all sincerely appreciated your willingness to provide two 10-hour sessions back to back. We realize that was a challenge. And to let you know, your energy in the training was not diminished. Again, a very heartfelt thank you. Hope our paths cross again. michele manchester
