

Ruth-

4 years ago I took a group of teachers to your workshop. **IT CHANGED MY LIFE.** I gained a new understanding of the students I work with and now share your strategies as part of my new teacher training each year. Your workshop ranks as my number one ever in all my years in education.

Last year, while as a participant in PLA, Terri Stone asked us to submit any recommendations for speakers, and I submitted your name. I am so pleased to see you are a part of this year's PLA, and I very much hope the administrators gain as much as I did and are just as eager to return to campus and share their newfound knowledge and skills.

As a side note—your information must be good because somebody absconded with **THE ENTIRE SET OF BOOKS** we had purchased from your workshop....

Sincerely,
Kristie McCuiston
Assistant Principal
Sam Houston Middle School
Garland ISD
